

Medication Policy

Prescription Medication

All prescription medications must be in the original bottles. On the day of departure for camp, all prescriptions must be given to a leader at the registration table. (If over the counter medications are taken on a regular basis you are also free to turn these in as well.)

Campers are expected to have had a tetanus shot within the last 10 years if your camper has not had a tetanus shot, please arrange for one.

Over the Counter Medication

Over the counter medications will be dispensed to the campers for minor complaints or injuries only with parental permission. These include:

Tylenol Ibuprofen Tums Benadryl (for minor itch)
Topical Lotions (for bug bites and sun burns)

By signing this consent form, you affirm that the above medications may be dispensed to your son/daughter at the leaders discretion. If you have any concerns with the above please indicate your preferences here.

I agree to the above medication policy and give my permission for the leaders to dispense as needed at "Spring-Break-Out"
